

# SENDIA

improving  
outcomes  
for pupils

## SEND Inclusion Award (SENDIA)

### Improve outcomes for pupils with SEND

The SENDIA offers schools the opportunity to review, develop and gain accreditation for their provision for children with special educational needs and disabilities.

Compliant with the SEND Code of Practice, the SENDIA framework focuses on removing barriers to learning through early identification, inclusive teaching and leadership.

### What's in the SEND Inclusion Award framework?

#### Identifying SEN

Use the graduated approach of 'Assess, Plan, Do, Review' to successfully identify and work with pupils with SEND.

#### Pupil outcomes

Ensure effective everyday teaching and learning for SEND pupils across the school.

#### Leadership

Create strong and effective leadership and management of SEND provision.

#### Professional development

Commit to high-quality, on-going training, coaching and mentoring for all staff across the school.

#### Pupil and parental engagement

Involve pupils and parents in decisions about SEND provision and support.

#### Compliance

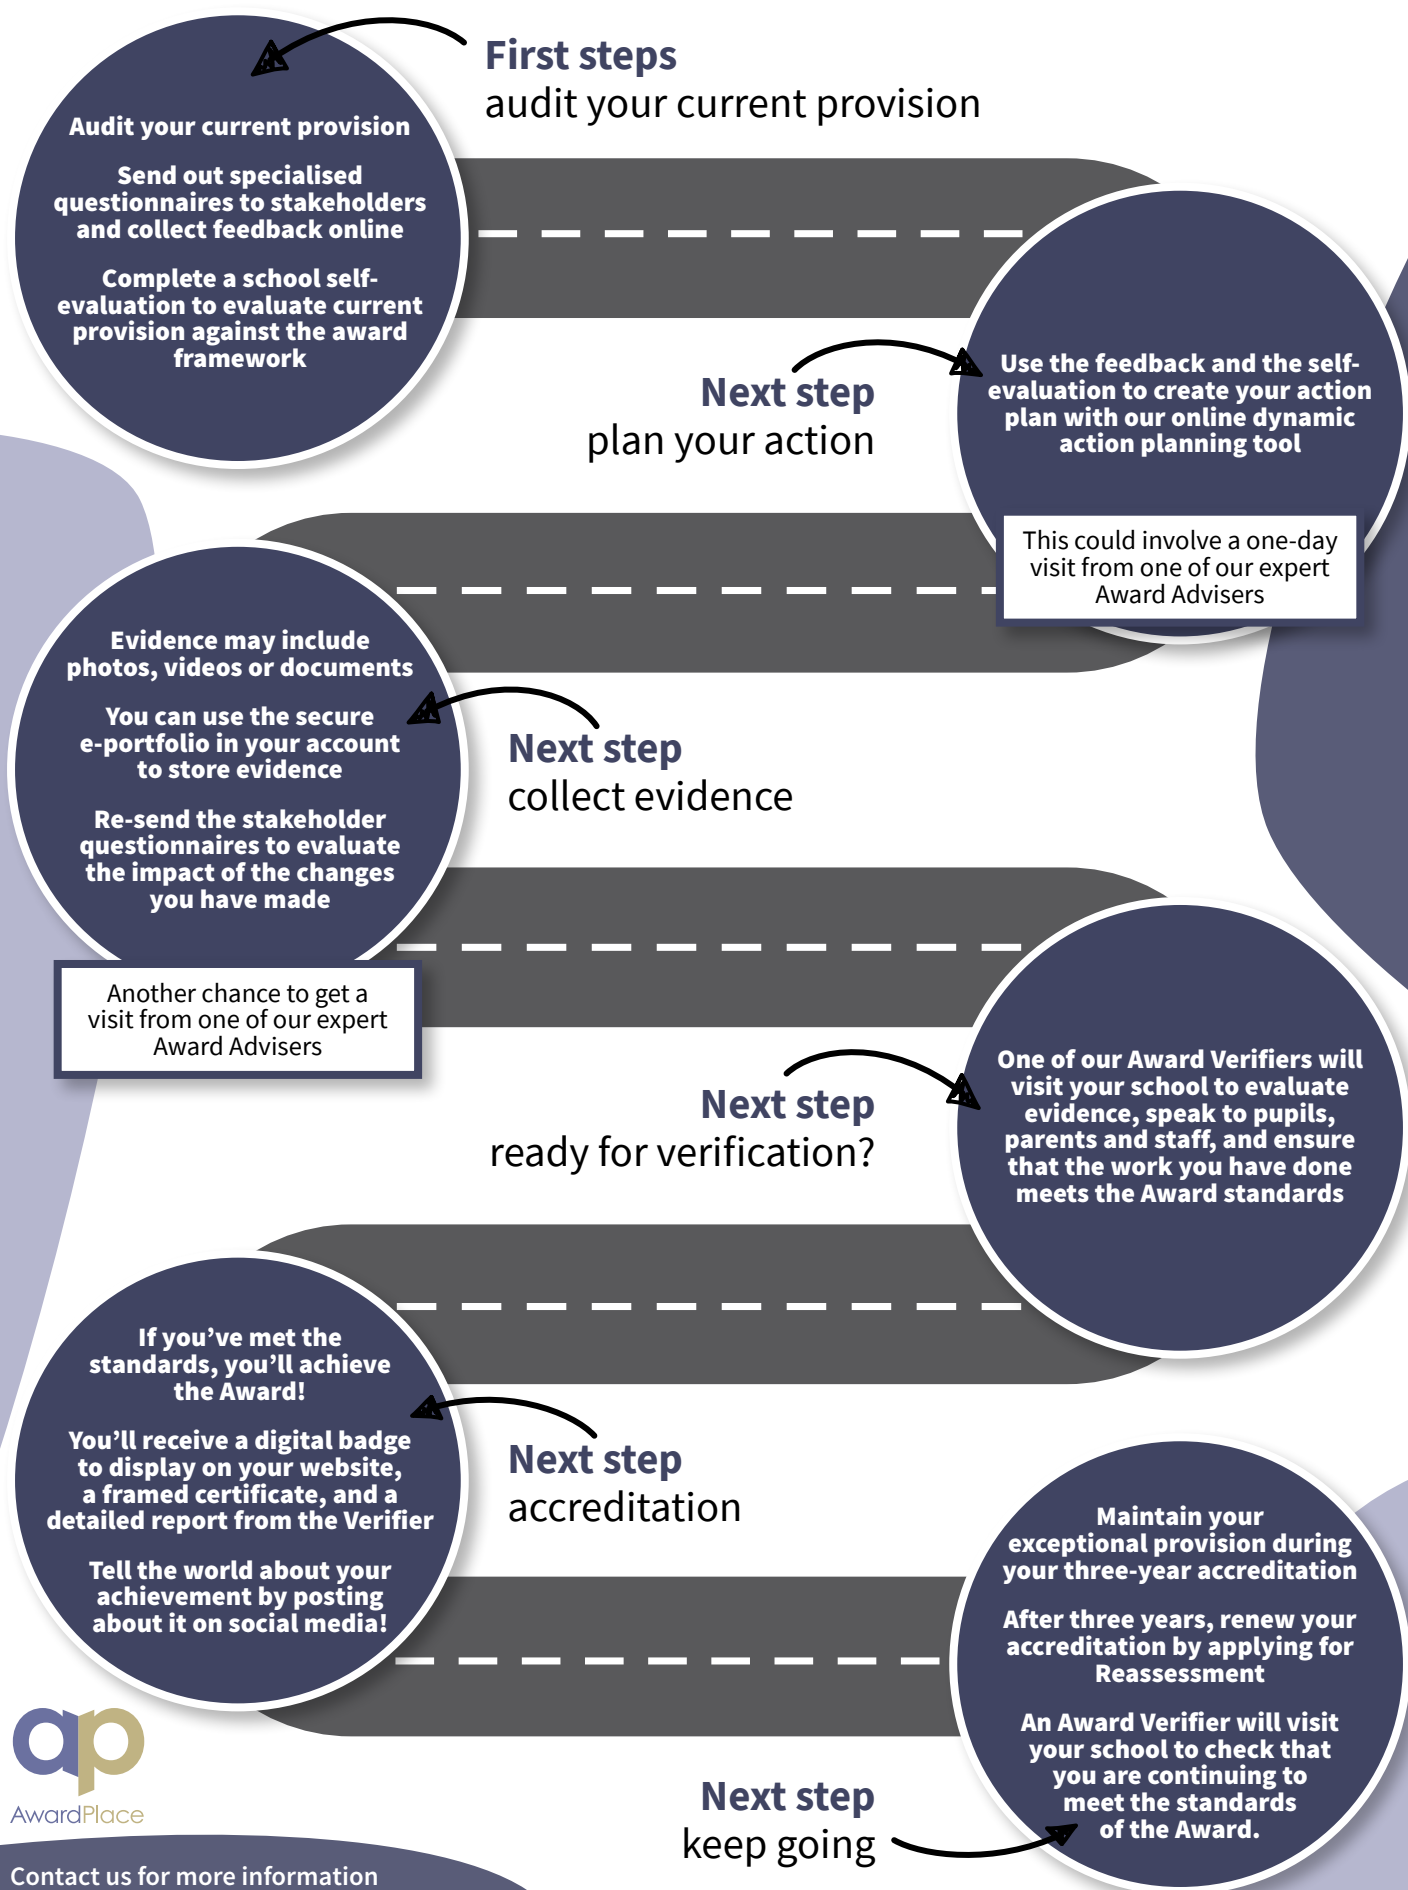

Demonstrate that your provision complies with the SEND Code of Practice and other key legislation.

Undertaking this Award will ensure that outstanding SEND inclusion sits at the heart of your school now and in the future, as well as allowing you to demonstrate your outstanding provision to key stakeholders.

#### What our schools think...

*'The journey has meant that our students, the most important stakeholders in any educational setting, now benefit from the best possible provision in every area of academy life – a goal that was always within our sights, but one that the award process helped us to realise through a clear focus on specific standards.'* Harris Academy Beckenham, Greater London
